PROFESSIONAL SUMMARY

Registered Nurse

Highly skilled career professional with 8 years experience in hospital, management, education, and office environments. I trained in all these areas simultaneously.

- I have 4 years experience on a busy medical surgical floor. 3 years experience in day surgery, pre/post op, 3 years experience in PACU, and 3 years experience in Endoscopy Lab. I also have 4 months experience in management of a medical surgical unit as an intern manager, care of orthopedic patients post surgery, and 2 years experience as nursing house supervisor.
- I am very patient/customer service focused with the patient best interest in mind. I am well known as an excellent care provider and team leader. I work hard to get the job done. Attributes I can bring to your University are hard work, dedication, team player, and a positive attitude.

CREDENTIALS
