Dear Mrs. Caldwell BSN, RN,

Thank you for taking the time to contact my office about H.R. 2713, the Title VIII Nursing Workforce Reauthorization Act. Your input is important to me, and I appreciate the time you took to share your thoughts.

Nurses are one of the cornerstones of our healthcare system, and I agree that we need a sufficient number of well-trained nurses to keep our nation healthy. Maintaining adequate funding for nurse training and placement programs is an important part of making sure our nation has an ample nursing work force to serve patients who need proper nursing care. As you may know, the Title VIII Nursing Workforce Reauthorization Act of 2015 has not yet been introduced in the Senate. Should it come before the full Senate for a vote, the insight you have provided here will certainly help my staff and me more effectively look into this issue.

Thank you again for your letter. I hope you will continue to share your thoughts with me.

Sincerely,

Bob Corker  
United States Senator
